## **FOREWORD**

WHEN the Hatfield and its People series of booklets was published fifty years ago by the Hatfield Branch of the Workers' Educational Association, it was rightly regarded as an exceptionally authoritative and informative work. It has since remained unchallenged as the prime source of reference for anyone interested in the history of Hatfield.

Recognising its enduring value, members of Hatfield Local History Society reissued the series in 2014 with an index added to each of the twelve parts. These indexes have now been expanded and cumulated into one, with the aim of allowing greater access to the information held in the series

Hatfield Local History Society hopes that the reappearance of the *Hatfield and its People* series, with the addition of this cumulative index, will encourage and stimulate others to undertake new research into Hatfield's past.

The *Workers' Educational Association*, founded in 1903, is a charity and the UK's largest voluntary sector provider of adult education, delivering 9,500 part-time courses for over 74,000 people each year in England and Scotland.

Hatfield Local History Society is an association of people interested in the history of Hatfield. The Society's aims and objectives are to encourage and undertake research into Hatfield's history, to produce publications and to provide a forum for the exchange of information on the history of the Hatfield area.

Please contact Hatfield Local History Society for further information about this publication.
